About Me

Hi! I am Kailas M S, a web development enthusiast from Kerala, India. I am currently doing my Web Development Internship at CodSoft where I am learning to build websites using HTML and CSS.

I enjoy creating clean and simple web pages. My goal is to become a skilled front-end developer. I love learning new things and working on creative projects.

Skills

HTML

CSS

JavaScript

Responsive Design

Git & GitHub

VS Code

Projects

Personal Portfolio

A personal portfolio website made using HTML and CSS to showcase my skills and projects.

Landing Page

A simple product landing page with a header, features section, and contact form.

Calculator

A basic calculator built with HTML, CSS, and JavaScript that performs simple math operations.

Resume

Download my resume to learn more about my education, skills, and projects.
